## MR. JOHN MUSE

One of Maysville's Most Prominent  
Citizens Dies at His Home on  
East Third Street This Morn-  
ing at 3:50 O'clock.

Mr. John Muse, one of Maysville's  
most prominent citizens, died at his  
home on East Third street this morn-  
ing at 3:50 o'clock after a two weeks'  
illness of pneumonia. Mr. Muse was  
thought to be recovering on yester-  
day morning but during the night he  
became gradually worse and passed  
away at the hour named.

Mr. Muse was born in Fleming coun-  
ty in 1862, being 55 years of age at the  
time of his death. The early part of  
his life was spent in Fleming county,  
he being in the mercantile business in  
Goddard. In 1892 he came to Mays-  
ville and has spent the remainder of  
his life here. For 22 years he was a  
traveling representative of the For-  
ward Shoe Co. of Cincinnati. For the  
past 18 months he has been represent-  
ing the United States Rubber Co., the  
Heimer Beltman Shoe Co. and the  
Hogan Shoe Co.

Mr. Muse married Miss Belle Wil-  
liams of Fleming county. Three chil-  
dren were born to them, one of whom  
survives, Miss Julia Muse, a student  
in La Grange, Ga. His wife also sur-  
vives and two sisters, Mrs. Clay Mor-

ison of Poplar Plains, Ky., and Miss  
Helle Muse of Fleming county.

Mr. Muse was one of the charter  
members of the United Commercial  
Travelers of this city and was a loyal  
and excellent member. He was wise  
in council and one of the leaders of  
the local organization. The lodge  
loses one of its best members. He  
was also a member of the Masons.

Mr. Muse was a splendid citi-  
zen. He was a loving husband  
and a kind father and a pleasant com-  
panion at all times. His many friends  
will be deeply grieved to hear of his  
death. He was a very constant  
member of the First M. E. Church,  
South.

The funeral will be held on Monday  
morning at 10 o'clock from the late  
home on East Third street. The bur-  
ial will be made in the Maysville  
Cemetery. The services will be con-  
ducted by the Rev. W. H. Campbell.

## GREAT SUCCESS

Was the Business Men's Banquet at  
the Whitehall Hotel Last Evening  
—New Depot Promised.

The Business Men's banquet at the  
Whitehall Hotel last evening was one  
of the biggest and best events ever  
pulled off by the local Chamber of  
Commerce and every man present  
greatly enjoyed the evening.

The banquet began at 8 o'clock, the  
festivities being over at 11 o'clock.  
The time of the banquet was set for  
7 o'clock but the delay was made in  
order to give everyone the chance of  
getting to the hotel. A very delicious  
banquet was served by the managers  
of the Whitehall.

Mr. W. D. Cochran was the toast-  
master of the evening. His intro-  
ductory remarks were well chosen. The  
committee certainly made no mistake  
in his selection. The first speaker  
was Mayor J. Wesley Lee, who gave  
a short address of welcome to the  
business men and to the visitors in  
the city. His remarks were very  
pleasing.

Hon. Reuben Huteheraft of Bourbon  
county, secretary of the Kentucky  
State Tax Commission, was the next  
speaker. He explained the new tax  
law which will be considered by the  
Kentucky State Legislature in a spe-  
cial session beginning next week. Mr.  
Huteheraft was thoroughly conversant  
with the new law and explained it  
in a very clear manner to the as-  
sembled gentlemen.

Hon. W. H. Rees, County Attorney,  
spoke on Possibilities. Some of the  
possibilities mentioned by him were  
the new depot, a viaduct between the  
Fifth Ward and the lower part of the  
city, an incline plane to Edgemont  
and a bridge across the Ohio.

Secretary Grimsley spoke on the  
work the Chamber of Commerce was  
doing and the work it could do  
through the united efforts of the busi-  
ness men of the city.

Hon. J. N. Kehoe, President of the  
First-Standard Bank, spoke on Mays-  
ville. He spoke of Maysville's wealth  
and gave some very interesting re-  
marks on the worth of the C. & O. to  
this city and also said that the people  
of this city were annually giving \$400,  
000 in business to its railroads.

Mr. Garrett B. Wall of the C. & O.  
was the next speaker of the evening.  
Mr. Wall is a former Maysvillian and  
his subject was Old Friends. He said  
that he was always loyal to his native  
city. Mr. Wall was the gentleman  
who first let it be known that the  
railroad company was considering a  
new depot for this city.

Mr. George W. Stevens, President of  
the Chesapeake and Ohio Railroad,  
gave an address on the City and the  
C. & O. His address was short. He  
said that after hearing the many good  
things in Maysville he was sorry that  
he had not been born here. He said  
that Maysville had made a great pro-  
gress in the past ten years and that the  
railroad was ready to increase the  
possibilities.

The banquet closed by Mr. W. D.  
Cochran proposing a toast to Presi-  
dent Wilson and this was drunk with  
cold water with great enthusiasm.

The following were the gentlemen  
present at the banquet: President  
George W. Stevens of the C. & O., F.  
M. Whitaker, Vice President of the C.  
& O., W. R. Hudson, General Super-  
intendent, J. B. Harris, Superintendent  
of Cincinnati Division, Garrett B.

## MRS. MARY ROSS HUNT

Aged Former Resident of This City  
Passed Away at Home of Daugh-  
ter in Wisconsin.

Mrs. Mary Ross Hunt, born in this  
city on November 10, 1882, died at the  
home of her daughter, Mrs. Charles  
Bryan, at Neenah, Wisconsin, last Fri-  
day, after a two weeks' illness of pneu-  
monia.

But few of the present residents of  
Maysville knew "Aunt Polly," as she  
was familiarly called when here. For  
years she resided on Limestone street,  
between Second and Third, and was  
better known for her lovable disposi-  
tion, her devout Christianity, she hav-  
ing been one of the most faithful  
members the First Baptist Church  
ever had, and for her selfless and  
untiring energies toward those who  
were less fortunate in this world's  
goods.

Twenty-six years ago she left here  
to make her home with her daughter  
in Wisconsin. She was a direct de-  
scendant of Daniel Boone, of which she  
was very proud.

Her husband, Mr. John Hunt, for  
years in the cigar business next to  
the Neptune Hall, died several years  
before she left Maysville.

She is survived by one daughter,  
Mrs. Charles Bryan, Neenah, Wis., and  
a number of relatives in this city.  
Mrs. Charles Nicholson being a sister  
and the only one left of a once large  
and prosperous family.

Her remains were interred at  
Neenah last Sunday.

## SURPRISE PARTY

A number of friends gave Miss  
Laura Farrow a surprise party at her  
home on Walnut street last evening.  
Those present were Misses Gladys  
Walker, Fanny and Frances Thomas,  
Madeline and Clarke Farrow, Edith  
Chambers and Minnie Burns, Messrs.  
Oscar and Clyde Holcomb, Lester  
Brown, Charles Dice, Charles Dic-  
terleth, Clark Bushy, John Will Hardy-  
mon, Charles Summers, Evans David-  
son, Arthur Lynch and Porter Hlythe.  
Dancing and cards were the order of  
the evening.

## QUARTERLY CONFERENCE

The business session of the Second  
Quarterly Conference will be held at  
the Third Street M. E. Church this  
evening at 7 o'clock. The District  
Superintendent, Rev. W. H. Davenport  
will be in charge. Every member is  
urged to be present. Those who have  
reports to make should not fail to be  
prepared with their reports. Rev.  
Davenport will preach Sunday even-  
ing in this church.

Mr. and Mrs. J. M. Purlong received  
the sad news of their little grandson,  
Edward Gilkey, son of Mr. and Mrs. J.  
E. Gilkey, of El Paso, Texas, falling  
into a pan of hot water and receiving  
burns which after two days' suffering  
ended in his death.

## MENACE OF JAPANESE COMPETITION

Not a day passes that this country is not apprised of the wonderful strides Japan is making in industrial development due to the enormous amount of capital which has poured into that country through the sale of war supplies, and to the fact that Japan is set in for her opportunities while Europe is in a death grapple. United States Commercial Attaché W. C. Dawns has published a statement to the effect that Japan has become a rival of the United States in supplying hardware to Austria. The United States consuls in China have repeatedly called our attention to the gradual displacement of that country of American cotton goods by those manufactured in Japan. Last year Japan imported a billion pounds of raw cotton. She purchased her first spindles from us and as has copied them by the thousands as her cotton goods industry developed. Ralph Odell, of the department of commerce, recently reported that while our export trade in cotton goods to China had dropped to one-third of what it formerly was, that of Japan had increased nine-fold.

Inquiry was made last year of governor general Harrison as to the reason for the shortage of Philippine hemp in the American market. It developed that Japan had been a heavy buyer in the Philippines. She is buying sheep in Australia and with a view of raising her own wool and making it into cloth. She has her eye on the great ore deposits of China to be smelted in the mills of Hiroshima. She is importing large quantities of Argentine hides.

That Japan should develop new industries and new markets is perfectly natural. That American producers may ultimately be compelled to relinquish their hold on the Asiatic Oceanic markets in some products seems certain. But the losses which we may sustain in exports to those quarters of the globe pale into insignificance when compared with the certainty of Japanese encroachment on our domestic market if rates of duty sufficiently protective are not speedily adopted. During the first eight months of the current year Japan's exports to us were twice the value of those during the first eight months of 1913. The American Economist recently published a pamphlet showing wages paid in Japanese industries taken from official Japanese sources. They ranged from 12 cents a day in the case of children, to 55 cents a day for men. In addition to this, Japan subsidizes many of her chief industries, a policy which would not be tolerated in this country. Japanese clothiers come into this country, they take measurements, mail them back home, the goods are made to measure and returned to the customer. A lucrative business has been developed in making baseballs in Japan for our market. And Japan is acting as her own carrier in her trade with us, as well as with other nations. She is marking up freight rates for all the traffic westward, and giving preference in space facilities to her own goods.

If a referendum vote could be held in this country today on the question of protection or free trade, the former would win. The fact that in the dyestuffs tariff the party now in power departed from its traditional policy indicates that the pressure which was brought to bear from all sections of the country to overthrow free trade. We must have a revision of the tariff and that revision must be upward. And when the time comes to revise the industrial development of Japan and the pittance wage paid to Oriental labor must receive the deepest consideration.

## REWARDS OF RELATIONSHIP

To be transplanted from an Assistant Secretaryship of the Treasury to a bank examinership, even in plutocratic New York, might be considered a demotion. Yet William P. Malburn accepts it—the explanation being that the job on the lower scale of officialdom pay three times as much as the one with the higher title. To secure for Mr. Malburn this added compensation, the Comptroller of the Currency dismissed an old and hitherto satisfactory officer who had aided him in some of his most important efforts in bringing the bank of New York to conform to his ideas. The real reason for the shift has not been made known—but the fact that Mr. Malburn is a son-in-law of Senator Thomas of Colorado may have some bearing upon it.

The American people spent a half billion dollars on music last year and some of it was worth it. We are not referring to whatever was laid out for nickels.

## MOVIES THREATENED BY H. C. OF STARS

New York, February 7.—Albert E. Smith, president of a large motion picture producing company, told members of a legislative investigating committee here today that a film star he tried to engage demanded a salary of a million dollars a year.

"She didn't get it, did she?" asked a member of the committee.

"Not from me," replied Mr. Smith. The witness declared that "unless a kind providence reduces the salaries of some stars, the producers will have to go out of business."

Only a few stars are worth what they are getting, he added.

Mr. Smith said he did not think the producers could pay a state tax.

## Show vs. Blow

This is the style of an action filed in the Tobacco District this week, for the benefit of those who have tobacco to sell.

Ever since the market opened, the papers have been full of the claims of some houses, how much better they can sell than anybody else. Some, because they are BIG, poke fun at the little ones, (maybe we won't always be that way) and all this time we have been trying to mind our own business and satisfy both buyers and sellers.

But this week, we just can't help from bubbling over with enthusiasm, for on Thursday's sale of 123,315 pounds, we broke the record with an average of \$20.10, any number of baskets bringing from \$30.00 to \$60.00, and 26 crops averaging \$20.00 and above, as follows:

Mason County: J. D. Mackey & Bro., \$20.33; H. P. Walker, \$23.74; Chamberlain & Coffey, \$22.94; Farrow & Peilitt, \$21.77; Wood & Larkin, \$21.03; Adrian F. Sult, \$20.24; O. C. Mattingly, \$22.25; R. L. Starrett, \$20.79; John DeWre, \$20.19; John Lamsford, \$20.89; Brammell & Palmer, \$21.24; J. L. Truesdell, \$21.83; Lee R. Weaver, \$21.06; Tuel Bros., \$20.76; Ravenscraft & Allison, \$20.03; Gelp & Coughlin, \$20.11; T. H. Stevens, \$22.65; J. H. Ring, \$20.55; A. C. Ring, \$20.57.

Fleming County: Frank Myers, \$20.70; Clarkston & Gnebe, \$20.05; Farrow & Earleywine, \$20.00; F. R. Clarke, \$20.83; W. S. Myers, \$22.93.

Brown County, Ohio: Stanley Hamilton, \$21.20.

Lewis County: T. J. Hartley, \$21.22.

We now submit the case to the jury of farmers, for decision, and if you think we have won by SHOWING while some others have been BLOWING, bring us a load and go home happy.

## FIFTY PER CENT OF STEEL ON NEW C. & O. BRIDGE IS IN POSITION, TO BE READY IN THREE MONTHS

Portsmouth, Ohio, February 6.—More than half the steel work on the C. & O. Northern bridge over the Ohio river at Scottdale is up, and within three months the bridge is expected to be completed. Over 7,000 tons of steel have been erected and hoisted in place. The bridge is to contain 13,500 tons of steel when ready for service.

All wooden false work from the Ohio river shore to the middle river pier has been torn down and the steel bents used to support the bridge will be taken out soon. That part of the bridge completed is from the big pier on the Ohio river shore to the middle river pier. Work on the steel construction was started August 8. This work has been done by means of a gantry traveler on false work. The work of erecting the remaining half of the bridge from the middle river pier to the big pier on the Kentucky bank will be done by means of an overhead creeper as cantilever erection. Two small bents will be used under the last half.

The channel spans are continuous over the center pier and constitute the first large bridge of continuous type as well as the longest and heaviest fully riveted truss in America. The large channel spans are being built double track. The approaches are being built to accommodate a future second track. Steel track has been laid from the Ohio shore abutment about four miles north, this work being done by the railroad company. The track is ballasted for this same distance. The grade contractors, who are working between Harrisonville and Waverly, expect to finish their work in another month.

## HOUSE BODY AUTHORIZES \$150,000,000 FOR WARSHIPS

Washington, February 7.—Favorable reports were ordered by the House Naval Committee today on three administration measures which will be offered as amendments to the Navy appropriations bill, when it is taken up in the House again tomorrow for immediate passage.

One of the amendments would authorize a bond issue of \$150,000,000 to cover the cost of prompt completion of war ships now under construction and the purchase or construction of additional submarines, destroyers and supplies. Another would authorize the commandeering by the government of ship yards and munitions plants, and the third would appropriate \$1,000,000 to purchase basic patents of air craft.

At Secretary Daniels' suggestion the committee eliminated a provision for drafting into the naval establishment the officers, agents and employers of any private plant commandeered. Mr. Daniels did not believe the drafting authorization was necessary.

The air craft patent bill was amended so as to require the Wright-Martin Company, owners of the rights to be sought to give an indemnity bond to protect the government in case the Supreme Court should act adversely on their patent.

## UNNATURALIZED GERMANS IN U. S. SERVICES DISMISSED

San Francisco, Cal., February 7.—Unnaturalized Germans in the United States guard and lighthouse services were dismissed here today in accordance with orders issued at Washington. All men discharged had made declarations of intention to become citizens but had not taken out their final papers. It was said similar orders would be carried into effect in the United States transport service.

## CIVIL MOBILIZATION BILL IS READY FOR REFREN PARLIAMENT

Paris, February 7.—The government bill providing for civil mobilization is ready for presentation to parliament. The proposed measure gives the government the right, which it already has in part by a previous law, to impress persons for the needs of national defense, for war manufactures, for transport and for agriculture.

There is in Stevens Point, Wis., a pine tree and an oak tree growing from the same stump. Both are fifteen feet or more in height. Apparently the trees are branches growing from a common root and one of the peculiarities of the combination is that the bark of the pine does not appear normal. It appears to have been impregnated with some of the qualities of the oak.

New air brakes that have been adopted by a large Eastern railroad reduce by 400 feet or more the distance in which a heavy train running at sixty miles an hour can be stopped.

## JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as representative.

This statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, a lame, weak, or aching one, Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Read this Maysville case. Den. P. Fleming, constable of Mason Co., 217 E. Lee St., Maysville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. For all such cases, Foster-McMurray Co., Props., Buffalo, N. Y., "When Your Back Is Ache—Remember the Name."

## GERMAN U-BOAT IS THOUGHT SEEN OFF AMERICAN COAST

Boston, February 7.—The sighting of a strange vessel resembling a submarine, was reported tonight to Captain William R. Rush, commandant of the Boston navy yard, by Captain Smith A. Ross, master of a harbor tug. Captain Ross said he saw the stranger four miles off Marble Head this morning. He was heading in from sea at speed which he estimated at 15 to 18 knots an hour, but soon after being sighted steered to the south, toward Cape Cod. Captain Ross expressed the belief that it was a submarine. He was certain, he said, that the craft he sighted was not one of the American type.

## RECORD BROKEN AS 502 MEN AND WOMEN ASK CITIZENSHIP

New York, February 7.—Eight hundred and two men and women applied for the first citizenship papers here today. This, it was said, broke all previous records in Manhattan for a single day.

## SUFFERED NINE YEARS

Many Remedies Tried in Vain. Well and Strong After Taking Lydia E. Pinkham's Vegetable Compound.

Spartanburg, S. C.—"For nine years I suffered from backache, weakness, and irregularities, so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong. I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McABEE, 122 Dewey Ave., Spartanburg, S. C.

The reason women write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved. This is a praiseworthy thing to do, and such women should be highly commended.

**THE UNIVERSAL CAR**

## Announcement

The company is many thousands of cars behind their orders. The railroads are unable to deliver rapidly enough on account of shortage of freight cars. On account of these conditions, which are the worst I have ever had to contend with since being in the automobile business, the company will not ship cars to a dealer unless he has orders for the cars signed by customers who are waiting for cars.

The tremendous demand will continue throughout the winter in the south and southwest, and the shortage in this part of the country in the spring will be the greatest ever known.

I have already sold and delivered one-half of all the cars I contracted for the 1917 season. I have orders on file for 25% of all the cars the company will ship me between now and August 1st. The man who waits till spring to place his order for a Ford will not get his car till mid-summer or next fall. Therefore, if you want a Ford car this year, place your order now and take the car as soon as I can deliver. Don't wait.

## Mayslick Farm For Sale

We have for sale the farm of the late Hopkins Shanklin located three and half miles East of Maysville on the Mayslick and Johnson Station pike. This farm contains 80 acres and a fraction, and has on it a 7-room house, tenant house, stable and the usual out-buildings found on a well improved farm. Practically all the farm is in grass, considerable of which is bluegrass. This is a tobacco farm in every sense of the word, as the land is in a high state of cultivation and there has been but little tobacco raised on this farm in many years. This is the kind of farm you can take hold of and make good with.

Price—\$150 per acre, on easy terms.

## HELD AS HOSTAGES

Gerard and U. S. Consuls Not Permitted to Leave Germany—Washington Hears Americans Will Be Delayed Until Germany Is Assured of Subjects Safety.

Washington, February 8.—Ambassador Gerard, American Consuls and the American sailors brought in on the prize ship Yarrowdale, are being held in Germany until assurances have been received from here as to the safe departure of Count von Bernstorff and the German consuls and the safety of German war-bound ships in this country.

It was said at the State Department today that sensational reports have become current in Germany that the German ships here have been confiscated and their crews seized. Pending confirmation Germany has detained the Americans.

Officials here are inclined to minimize the importance of the detention because they believe it largely has arisen from a misunderstanding and soon will be straightened out.

It has been officially announced that there is no intention of taking the German ships. Moreover, dispatches have been conveyed to Germany through the Spanish embassy as to the courtesies granted to former German officials in this country and their receipt is expected to clarify greatly any misconception in Germany as to America's attitude.

The whole policy of the State Department is to proceed with the strictest regularity in order to afford absolutely no ground for offense. The United States will be extremely punctilious and place the whole responsibility of a more serious development upon Germany.

Probably 150 Americans are affected in the American embassy at Berlin and the twenty-two consulates in Germany, the four in Belgium and the one at Warsaw. There are 101 American citizens among the consulates, ten among the regular embassy staff and at least twenty among the forty other clerks and attaches at the embassy.

That Ambassador Gerard is still in Berlin and not at Bern, Switzerland, as was thought possible yesterday, is shown in a dispatch today from Ambassador Willard at Madrid. Mr. Willard said that the impression that Gerard was at Bern had been due to a telegraph mistake. The dispatch should have been dated "Berlin via Bern" instead of "Bern."

## Date Is Undecided

Berlin, February 7 (Via wireless to Sayville, February 8).—The date of departure of Ambassador Gerard has not yet been fixed. The German authorities are making every endeavor to assure him and members of the American Embassy all possible facilities for forwarding private telegrams. No serious concern is felt here as to the safe departure of German officials in the United States.

## CIVIL SERVICE AMENDMENT FOR POSTMASTER REJECTED

Washington, February 8.—An amendment to put postmasters of all classes under civil service, written into the legislative, executive and judicial appropriation bill by the Senate was rejected by the House and the bill went to conference. Chairman Moon, of the postoffice committee, championed the change, which has the approval of President Wilson, but Democratic Leader Kitchin headed the opposition and the rejection was on a vote of 234 to 43. The House also disagreed to a Senate amendment to put members' clerks on the payroll instead of allowing members to pay what they please out of a lump sum.

(Ewing Inquirer.)

J. D. Wyatt, who has been living at Covington, Ky., together with his family have moved to Maysville, where they will make their future home. It is reported that the Judge will practice law in that city.

## CANAL ZONE BANK SUSPENDS PAYMENTS

Panama, February 8.—The bank of the Canal Zone suspended payments today. It is promised that payments will be resumed Saturday.

Mrs. Eliza Laycock died at the home of her brother, John A. Croaley, on Thursday morning. The funeral was held this morning at 11 o'clock at the Maysville Cemetery. Services were conducted by the Rev. A. F. Stahl.

## MISS MOORE'S MUSIC CLASS

Pupils of Jennie H. Moore met at the studio last evening. After devoting some time to the theory of music and ear test, a short program was given. Miss Catherine Rosenstien repeated a waltz by Kraemer; Miss Evelyn Cablish played an arrangement from the Surprise Symphony by Haydn, and Blue Danube Waltz by Strauss and repeated selections from Weber and Schumann. Miss Mary Altar Barbour played several preludes by Chopin and a set of waltzes by Brahms.

These club meetings are a vital influence in the music study of the pupils and furnish a musical environment. Parents should see that their children do not miss this opportunity to develop memory and ability to form a repertory.

## HIG WEEK

There will be a whole lot going on in this city next week. Monday will be Lincoln's birthday, all of the banks and some of the business houses being closed. Tuesday night Vogel's minstrels will appear in the Washington Opera House. Wednesday is Valentine's day and there will be many parties all over the city in celebration. Thursday and Friday the Elks Musical Comedy will be shown in the Washington. The latter promises to be one of the greatest hits of the season.

## BUYERS BACK

Representatives of the American Tobacco Co. Resume Their Work on the Breaks—Market Still Off a Little.

Yesterday was the first time in several weeks all of the houses held complete sales and gave in reports of their sales. There were no blocked sales held over from the previous day, but only 388,150 pounds of tobacco was reported sold at prices ranging from \$3.25 to \$4.00 per hundred pounds. The American Tobacco Co. buyers resumed their work on the breaks yesterday and were active bidders. The market is still off, although very little from last week. However the growers have no cause to complain as the prices are almost double that of this time last year. Low grades of tobacco are still commanding good prices.

The following were the sales reported:

Liberty	
Pounds sold	48,205
High price	\$25.00
Low price	12.00
Average	17.46
Special crops:	Oscar Jones, \$19.83; Perret Bros., \$18.55; Wallingford & Douglas, \$18.62.

Market good; offerings strong.

## MANY THIRSTY ONES

Sad thing happened yesterday. On account of the heavy ice in the river the ferry boat at Ripley was not running and as a result there were a number that did not get to make their daily trip in search of wet goods. Some few went to Manchester but this point is somewhat unhandy on account of the fact that good connections cannot be made in trains.

## PUBLIC SALE!

On Saturday, February 10, 1917, at ten o'clock a. m. Standard time, a tract of land containing 145 acres belonging to the heirs of Campbell A. Tucker, deceased, will be sold on the premises to the highest and best bidder. This farm is located on the Stone Lick road that connects the Stone Lick and Taylors Mill Turnpikes, and is bounded on the North by dower of the widow of Campbell A. Tucker, on the East by the Stone Lick road and the lands of Millard Hall, on the South by the lands of John Grant and on the West by the lands of William Cabler and Estes Hendrix. This land is in a high state of cultivation and is well improved. About twelve acres is heavily timbered, the timber consisting principally of fine ash, sugar maple and oak trees. This farm will be sold upon the following terms: One-third cash, one-third in one year and one-third in two years, a lien being retained to secure the unpaid purchase money. A survey of this farm has been made and when deed is made it will be made according to meets and bounds. Deed will be executed and possession given on or before March 1st, 1917.
